■ EXPERIENCE

Design and Development Manager at Insane Audio // insaneaudio.com 2017 – Present

Responsible for the design and development of custom applications for Android based automotive multimedia products. Other roles and responsibilities include: new product development, tech support, account management and marketing content creation.

Senior UX/UI Designer at Fuze // fuze.com 2012 – 2016

Responsible for a complete overhaul and redesign of the Fuze video conferencing and collaboration apps for Mac, Windows, iPad, iPhone, and Android. Working with a small, talented group of designers, product managers and developers, I researched, prototyped, validated, and iterated on all aspects of the Fuze experience. I delivered clean, user-friendly designs and implemented systems to enable more agile and efficient design and development processes.

Freelance Designer // dylantarrant.com 2012 – 2018

Partnering with clients to design functional and engaging websites, applications, branding and outdoor products. My clients have included: Solbae, BackpackerBetty.com, Jumpstart Auto Group, Baker Street Advertising and Scalable Path.

Interactive Designer at Modea // modea.com 2008 – 2012

Responsible for identifying client and user needs, working as an integral member of agency project teams to create websites, web applications, advertisements and branding. Our clients included: T-mobile, Verizon, HTC, Lenox Tools, Advance Auto and Virginia Tech.

■ FORMAL EDUCATION

B.S. in Industrial Design from Virginia Tech, Cum Laude 2007

Minor in Business, Freshman Orientation Leader, Orientation Leader Trainer

■ WORKFLOW & TOOLSET

Plan ▶ Discover ▶ Create ▶ Test ▶ Iterate

My toolset includes Sketch, InVision, Moqups, Adobe Photoshop, Illustrator, InDesign, HTML/CSS, Keynote, UserTesting.com, whiteboard, pen, paper, coffee, curiosity, and plenty of imagination.
